About this Cool Spot Discovery Tour

Toyota City has a number of attractive spots to be explored and this tour is designed to give the foreign community better access to them. Visit the “Toyota Kuragaike Commemorative Hall”, which was built to mark Toyota Motor Corporation’s production of its 10 millionth motor vehicle. The museum has lots more to offer than just cars. Be inspired by the wisdom of the founder of Toyota Motor Corporation, Kiichiro Toyoda and recorded stories his friends and colleagues have shared of him. After that, you can bask in tranquility on the beautiful lawns of the Kuragaike Park for a refreshing picnic. To conclude, the tour will afford you a deeper appreciation for nature at the Yanami Wetland, where you can observe indigenous wildlife and plants, which all add to a rich tapestry that is Toyota City.

The tour is targeting foreign residents and visitors, however, you can invite your friends and loved ones along for the adventure. Please dress appropriately. You are advised to bring a raincoat with you in case of rain, and wearing long sleeves and comfortable shoes (other than high heels), is recommended. If you are in poor health, on the designated day, we advise you to refrain from participating.
